Announce about holding  
October 18-20, 2018

### **The third international scientific and practical conference**

## **«REGIONAL GEOECOLOGICAL PROBLEMS IN CONDITIONS OF SUSTAINABLE DEVELOPMENT»**

#### Goals of the conference

1. To give a complex analysis of the current state of the environment of Ukrainian regions and to forecast the development trends in order to develop promising directions for ensuring ecological safety and achieving a balanced use of nature.
2. To exchange experience with the use of new methods and technologies in the study of components of geosystems and to develop suggestions for solving relevant geo-ecological problems.
3. To establish creative contacts between the participants of the conference with the purpose of further development of mutually beneficial cooperation according to the issues that are part of the scientific interests of the conference.

### Scientific directions of the conference

1. Theoretical and methodological problems of geoecological research.
2. Problems and prospects of cross-border cooperation in solving geoecological problems.
3. Landscape studies (ecology and landscape studies) approaches in regional geo-ecological research.
4. Natural and anthropogenic changes in the components of geosystems: subsoil, soil cover, surface and groundwater, atmospheric air, biota.
5. Geoecological state, modeling, forecasting and rational use of natural resource potential.
6. Regional geo-ecological problems of river and lake basin systems.
7. Environmental monitoring and audit. Information systems and technologies in ecology.
8. Development of modern environmental technologies and engineering means of environmental protection.
9. Problems of waste management, recycling and recycling.
10. Organic farming and environmentally friendly products.
11. Geoecology of the urban environment.
12. Ecological network and protected area as parts of a regional strategy for preservation and reproduction of biodiversity and landscape diversity.
13. Ecological safety in emergency situations of natural, technogenic, socio-political and military character.
14. Global climate change: negative environmental impacts and prospects for its overcoming at the regional level.
15. Regional environmental policy and management for sustainable development.
16. Socio-ecological, ecological-ethical and pedagogical problems in ecological education, culture and upbringing.
17. Partnership between education, science, business, public organizations and state institutions in solving regional environmental problems.

### Conditions for participation in the conference and publication of materials

1. Form of participation in the conference: full-time / part-time. To apply for participation in the conference please send by **June 30, 2018** to the email address: [conf.geoecology2018@gmail.com](mailto:conf.geoecology2018@gmail.com)
2. The materials of the report, the scanned copy of the receipt for payment of the registration fee and the application shall be sent electronically no later than **August 31, 2018** at the following e-mail address: [conf.geoecology2018@gmail.com](mailto:conf.geoecology2018@gmail.com)
3. Working languages of the conference: Ukrainian, English, Polish, Russian.

### Essential for payment of registration fee

The cost of attendance at the conference is **250 UAH** for participants from Ukraine and **\$ 10** for foreign participants. Cost of correspondence participation in the conference – **150 UAH** for participants from Ukraine and **6 \$** for foreign participants.

Foreign participants of the conference will be able to pay the registration fee for participation in the conference directly at the time of registration.

*Participants of the conference, who will personally participate in the conference, will be able to take part in a friendly dinner, ecological and ethnographic excursions and other scientific and cultural events on 20-20.10.2018.*

*Costs associated with participation in a friendly dinner, excursions, are not included in the registration fee and are paid by the conference participants separately.*

### Requirements for registration of materials

Text editor – Microsoft Word (version 2003/2007/2010).

The volume of materials is 3-5 full pages of A5 format, orientation is book.

Font: headset – Times New Roman, size 10, line spacing – 1.0.

All fields are 15 mm. Paragraph indents – 5 mm.

References to sources in the text are made in square brackets: the first number – the source number in the list, followed by the number of the page [1, p. 5]. The list of sources is printed alphabetically at the end of the text.

Design of the text: 1) initials and surname of the author (s), degree, academic rank, position, place of work or study (right); 2) in the middle of the middle, the name of the report materials in capital letters in bold; 3) the annotation text (3-5 sentences) and the keywords (3-5 words) in the language of the article are below the interval; 4) the text of an article in an interval; 5) through the interval below the list of sources.

In the given materials it is necessary to highlight the problem statement in general and its connection with important scientific and practical tasks; analysis of recent researches and publications in which the solution to this problem was initiated and which the author refers to, the allocation of previously unsettled parts of the general problem, which is devoted to the article, research methodology, the formulation of the aims of the article (tasks set), the presentation of the main research material, comparison of the results with the results of other scholars, conclusions and perspectives for further work on this issue.

**Before the recommendation for printing, the materials will be checked for plagiarism.** The Organizing Committee reserves the right to reject materials that are not relevant to the content of the conference or are executed without complying with the specified requirements.

## **The third international scientific and practical conference**

### Application for participation at the Third International Scientific and Practical Conference

#### **«REGIONAL GEOECOLOGICAL PROBLEMS IN CONDITIONS OF SUSTAINABLE DEVELOPMENT»**

Surname, name and patronymic name	
Degree, academic rank (for students, post-graduate students – course / year of study)	
Place of work (training), position	
Title of the report	
Scientific direction of the conference (specify number)	
Phone for contacts	
E-mail	
Participation in the conference	<input type="checkbox"/> full face
	<input type="checkbox"/> part-time

**The submitted materials are accepted upon receipt of the confirmation letter to your e-mail from the organizing committee.**

### Check dates for the conference

The deadline for submission of materials and the payment of the organizational fee is **August 31, 2018**

### Contact persons

Lyko Daria Vasylivna, Doctor of Agricultural Sciences, Professor, Head of the Department of Ecology, Geography and Tourism, Rivne State Humanitarian University
